

ERIC BERNE ARCHIVE COLLECTION

The first part of the Eric Berne archive collection was made available to everyone for free in August 2014. The Eric Berne Archive Project has now raised over \$50,000 USD. However, we still need to raise a further \$20,000 USD to reach the final goal, which will ensure Berne's complete archive available online. Please donate, if you possibly can, any amount no matter how large or small, this will be very much appreciated. All you have to do is go to the Eric Berne Archives website (see paragraph below) and you will see a yellow "Donate" button on the top right of the page. We wish you many hours of pleasurable and informative viewing. Enjoy!
